### SP-S-021 - Hooks for Tile Roof

> **description**

a variety of hooks to be secured on the timber underneath the tiles

> **ref no.**

SP-S-021

> **technical specs**

**material specifications**

stainless steel 316 / 304 (body)

stainless steel 316 / 304  
(bolting hardware)

**dimensions**

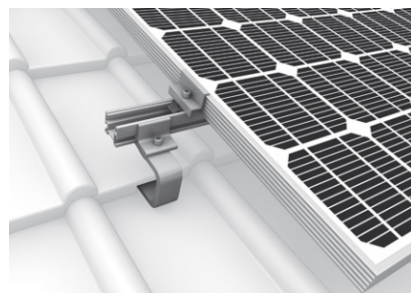

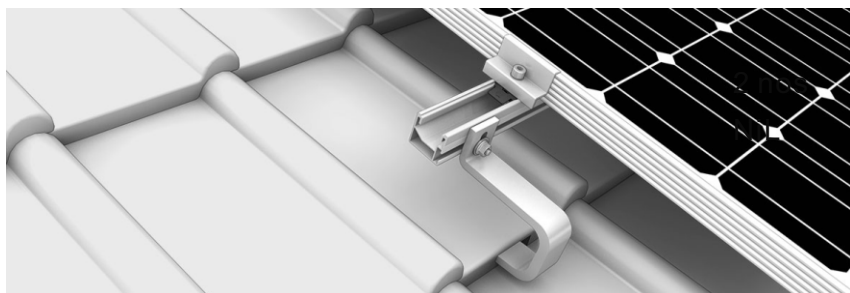

width = xx mm

height = xx mm

thickness = xx mm

**applications and features**

clamping range	tile roofs	pattern	fixed type
tightening torque	xx Nm	adjust range	N.A
customizability	upon request	other	N.A
section property	upon request
